## Andrew J. Parise Park Playground Extension is Here

The Village of Cedarhurst has finished its extension to its playground at Andrew J. Parise Park. This additional 2,350 square feet of nature-inspired play area includes two large climbing rocks that are connected with a walking rope and an articulated snake that the kids will love. A lovely ladybug and a friendly bumblebee have also landed in the park! The two bug buddies are mounted on springs for the kids to ride (and perhaps fly) away.

Mayor, Andrew J. Parise and the board of trustees are very excited about the new extension. This play area which is the first on Long Island to be universally accessible for children of all age and abilities, is a great feature to our award-winning park.

## Village Wears Red for Haley

On February 14th Village of Cedarhurst employees wore RED to raise awareness of Congenital Heart Disease (CHD) and to show support for Haley Katz (daughter of one of our employees) who was born with this condition.

## The Desk Of... Mayor Andrew J. Parise

### What is success?

Do you have an answer? If so, it has probably been the right one for you!

As for me, success is the completion of something intended - finishing what I planned to do. And, as for our charming and picturesque Village of Cedarhurst, that has translated to being responsive to your ideas and concerns, delivering results and reaching goals for our residents.

Cedarhurst has a remarkable track record of accomplishments and we thank you for recognizing them and showing support to myself, and the members of my board.

Over the years the Trustees and I have been proud to initiate award-winning, groundbreaking projects. We have worked tirelessly to beautify and revitalize our Village's residential and commercial areas to the tune of millions of dollars in improvements without tax increase for our citizens. Our park, streets, and business hubs have seen enormous improvements making Cedarhurst cleaner, safer, pedestrian and driver friendly.
